

LEADING THE WAY

Your Virtual Leadership Training

the CHALLENGE:

Right now, there is a necessity for effective and inspirational leadership in such a time of change. Are your leaders equipped and ready?

the GOOD NEWS:

This online training is jam-packed with engaging approaches to learn the crucial principles of leadership now. Through video clips, breakouts, assessments and group discussions, your leaders will add valuable tools to their existing tool box. They will discover the missing pieces to the ongoing learning that leadership requires.

This workshop will equip your leaders with skills and tools to:

- Increase thought leadership and people leadership to manage change
- Strengthen leadership accountability
- Increase leadership presence
- Discover 5 effective leadership approaches for verbal and written communication
- Learn daily time management principles
- Utilize effective delegation and prioritization
- Set clear workable CAM goals
- Understand different work styles to work together effectively
- Activate leadership courage to manage up and push back
- Manage pressure, stress and overwhelm
- Deliver clear and effective feedback
- Lead tough conversations to manage healthy conflict

AVAILABLE FORMATS:

This training is available online in 4 half-day segments or in 3 modified days plus a lunch break. We take 10-minute breaks every hour. Our engaging, interactive approach makes learning fun and useful.

Leadership is needed at all levels of the organization, now more than ever.
